

**CARRINGTON**

CARING FOR PEOPLE

## **A Message to Our Community**

The Board and Management of Carrington Care wish to thank and acknowledge the efforts and the hard work of the staff and residents of Carrington in organising and achieving the very successful annual Carrington Fair on Saturday, 8 August 2009.

Carrington wishes to express its sincere thanks and appreciation to our community for the solid support shown on the Fair Day as well as during the past few weeks through their letters and phone calls of support.

With the support of the community Carrington will continue to provide the quality of care to our residents which has been Carrington's hallmark for many years.
